DIVISION OF INSURANCE

---

*Frank H. Murkowski, Governor*

**State of Alaska**  
**Department of Commerce, Community, and Economic Development**  
**Division of Insurance**  
**Property and Casualty Filing Checklists**

The Filing Submission Guide and the Checklists support authorship of filings that comply with Alaska laws. “Comments” on the checklists are summaries of filing requirements. In the column to the left of the “Comments” on the Checklists are cited the related controlling statutes, regulations and bulletins.

The **Property Casualty and Title Insurance Filing Submission Guide** need not be included with a filing. However, Checklists must accompany the filing. By completing and submitting rate or form specific Checklists, a filer assures that he or she is proposing rates, rules or forms that comply with statutes.

Fill out all **Checklists** (1) with appropriate checklist boxes checked, (2) with the filing page numbers noted to which “comment” items apply, and (3) with the filer’s signature and date signed.

The filer should attach the **Property & Casualty Forms Checklists** to filings that propose new policies, State amendatory endorsements, or any form requiring State-specific compliance. The P & C Forms Checklist does not apply to Surety, Workers’ Compensation, and Title filings.

Use the **Property & Casualty Rates Checklist** with all rate or rule filings.
